Bringing Kettle Corn to the Gourmet Level

At Hudson Family Kettle Corn, we are redefining the classic snack by taking it to a **gourmet level while keeping it affordable** for everyone. Each batch of our kettle corn is carefully prepared using only the finest ingredients, ensuring an elevated snacking experience that is fresh, flavorful, and memorable—without breaking the bank. We believe indulgence doesn't have to come with a high price tag, making our gourmet quality accessible to all.

We start with mushroom popcorn—a premium variety renowned for its round, fluffy shape and exceptional flavor retention. Unlike traditional popcorn, mushroom kernels create a consistent and sturdy crunch, making them the perfect canvas for our carefully curated flavors.

Our philosophy revolves around simplicity. We use just three core ingredients: **non-GMO** popcorn, high-quality oils, and just the right pinch of salt. By sticking to these essentials, we allow the natural flavors to shine through without the need for artificial additives or preservatives. **Simple ingredients, big taste.**

What truly sets us apart is our focus on small-batch production. Each batch is hand-popped to perfection in one of our A-1 Kettle Machines, ensuring that every kernel is evenly coated and cooked with care. Hand-popping allows us to maintain consistency, quality, and that irresistible crunch customers love. By refusing to take shortcuts, we guarantee that each bag of kettle corn is fresh, and made with love.

To bring variety and excitement, we offer a range of gourmet **flavor options**. From traditional favorites like Sweet & Salty and Golden Butter Crunch to unique creations like Birthday Cake, Chili Lime, and Cowboy Crunch, we have something for every taste preference. Each flavor is thoughtfully developed to strike the perfect balance, satisfying both sweet and savory cravings.

By combining premium mushroom popcorn, simple ingredients, and small-batch hand-popping, we have elevated kettle corn into a gourmet indulgence. At Hudson Family Kettle Corn, every kernel tells a story of quality, care, and creativity, making us the go-to choice for those seeking a snack that is not only delicious but truly exceptional.

Simple Ingredients. Big Taste.

Gourmet Lemonade

Refreshment Worth the Difference

When the sun is beating down and the heat is relentless, it's easy to grab any lemonade just to cool off. But at HFKC, we believe you shouldn't have to settle for ordinary when you can sip **extraordinary**.

Our gourmet lemonade isn't just fresh — it's **made fresh to order**. Every glass starts with real lemons, sliced and squeezed on the spot for a bright, natural citrus flavor that no powdered mix can match. We shake each batch by hand, combining the perfect balance of freshly squeezed juice, pure cane sugar, and crisp, clean water to create a smooth, thirst-quenching experience.

What truly sets us apart are our creative flavor options. From the timeless **Classic Lemonade** to refreshing twists like **Strawberry Lemonade**, **Blueberry Lemonade**, and **Tropical Pineapple Lemonade**, each option is crafted to highlight the natural sweetness of the fruit while complementing the tang of our fresh lemons.

At **HFKC**, quality is everything. Whether you're sipping our ice-cold lemonade at an event or taking a much-needed break on a hot summer day, you can taste the care, the fresh ingredients, and the commitment we pour into every single glass.

Don't settle for anything less — because you deserve it.
